

ARCHITECTS AND ENGINEERS IN SMALL FIRMS

PROTECT YOURSELF AND YOUR FIRM FROM RISKS WHEN DESIGNING AND IMPLEMENTING PROJECTS.

Victor has created the Architects and Engineers in Small Firms program specifically for small firms with annual fees of \$500,000 or less. The program provides small firms with a quick and effective solution when considering appropriate professional liability insurance. It is designed to safeguard you and your business from allegations of professional negligence, such as design error, insufficient supervision and inspection, faulty specifications and disputes over change orders or extras, whether those allegations have merit or not.

WHY BUY THIS PRODUCT?

With over 50 years of experience, Victor has been a trusted name in professional liability and construction insurance. As a leading provider of professional liability insurance for architects and engineers, we bring a long-term commitment to this market and a high level of expertise in both underwriting and claims management.

Victor's professional liability insurance program is endorsed by Engineers Canada and the Association of Consulting Engineering Companies (ACEC) of Canada. We are proud of our long-term partnership with these organizations along with these value-added services included in a Victor professional liability policy:
