

## SINGLE PROJECT - PROFESSIONAL LIABILITY INSURANCE

### **CONSULTING FIRMS, OWNERS AND DEVELOPERS: PROTECT YOURSELF FROM RISKS WHEN DESIGNING AND IMPLEMENTING PROJECTS.**

Victor's single project professional liability insurance program was created to protect all design consultants involved in a specified project from allegations of professional negligence, such as design error, insufficient supervision and inspection, faulty specifications and disputes over change orders or extras, whether those allegations have merit or not. As a rule, the policy is placed at the start of construction through to substantial completion with an option to continue coverage for a period of time after the construction has been completed.
